

Making a Ruff

What you'll need:

One yard of 2-inch white adding machine tape

Thin ribbon (pick a color you like!)

Hole punch

What to do:

- 1 Fold the paper "accordion style." Make each pleat about 2 inches wide.
- 2 With the paper folded, punch a hole in the middle of the paper. Thread the ribbon through the hole.
- 3 Wrap the ruff around your neck and tie the ribbon at the back.

TIP: To make a fancier ruff, cut the lace edges off some rectangular paper doilies and glue the lace down the length of the tape. Make sure glue is completely dry before you make the ruff.
